Claim Information and Instructions

General Information

To open a claim with the City of Columbus for injury or property damage, please complete the Claimant Statement form in its entirety. If filing a claim for property damage, the Claimant Statement Form must be completed by the property or vehicle owner. Your completed form, along with any requested accompanying documentation (see list on page 2), should be sent to the appropriate department. It is important to note that the City will not begin an investigation until a completed claim form and all necessary accompanying documents are received. Once your claim packet is received, a thorough investigation will be conducted to determine liability. Please make certain that your claim form is signed and notarized prior to submitting it to the City.

Chapter 2744 of the Ohio Revised Code provides political subdivisions, including municipalities such as the City of Columbus, with certain immunities from liability in civil actions for injury, death, or loss to person or property allegedly caused by any act or omission of the City or its employees. However, there are exceptions to this immunity. The City may be liable for: (1) the negligent operation of a motor vehicle, unless police, fire or EMS are responding to an emergency; (2) the negligent performance of proprietary functions; (3) the negligent failure to keep public roads in repair and other negligent failure to remove obstructions from public roads; (4) the negligence of its employees within or on the grounds of, and due to physical defects within or on the grounds of, buildings that are used in connection with the performance of governmental function; or (5) when the Ohio Revised Code imposes liability.

Chapter 2744 also states that if you have insurance benefits that relate to the nature of your claim, e.g. health insurance that may cover costs of an injury or automobile insurance that may cover the damage to your vehicle, you must first utilize and exhaust those insurance benefits prior to filing a claim with the City of Columbus. As such, the amount of benefit available through insurance shall be deducted from any award against the City recovered by the claimant.

Regarding pothole related claims, in order to recover in a suit involving damage proximately caused by roadway conditions, including potholes, the party claiming damage must prove that either: 1) the City had actual or constructive notice of the pothole and failed to respond in a reasonable amount of time, or responded in a negligent manner, or 2) that the City, in a general sense, maintains its roadways negligently.

Once liability has been determined, you will receive a written response from the City department conducting the investigation as to the approval or denial of your claim. If your claim has been approved for payment, you will be required to sign a Release and Agreement and complete a W-9 before payment will be issued. If it is determined that the City is not liable for your injuries or damages, there is no formal appeal process established under the Columbus City Codes. However, you may consult with legal counsel of your choice at your expense.
