

## Public Records Requests

Completion of a Public Records Request Form is NOT required to obtain non-exempt public records. However, in an effort to enhance our ability to identify, locate or deliver non-exempt public records to you, we ask that you fill out a Public Records Request Form.

- **Be specific as possible** on the form as to which records you are seeking.
- Please understand there may be material in our files that cannot be released to you since it is not a public record or is otherwise exempt from disclosure.
- **If you are a defendant** seeking records from an active case, please understand that in most cases the majority of the records in the prosecutor's file are exempt from disclosure under the public records law. Therefore, if you are seeking records from an active case, you may want to request records by having your attorney file for discovery under Criminal Rule 16.
- **It is our policy to process requests as quickly as possible.** However, requests may take longer to process if the records need to be ordered from an off-site location and/or require redactions or legal review.
